**Agenda Items:**

No agenda items were presented. The call moved immediately to the Round Table updates.

**Round Table:**

Bill Rust: Nothing.

Bill Adams: Bill reported that he is setting up a Water Treatment PFT call to continue discussions about the INEEL proposal for work in Canyon Creek. He will provide the PFT with information on sampling procedures and on the wells that are to be used.

Anne Dailey: Anne is preparing for the NAS visits.

Anne noted that she has set up a Recreation Areas (Human Health) field trip April 30 at the White House Restaurant parking lot. This is the cafe just off I-90 at the Rose Lake interchange. Meet there at 8:45 for a 9:00 departure. See recreation sites all the way to Harrison, including those at Harrison and Anderson Lake, Forest Service sites, and others.

Anne hopes the BEMP can be distributed in its final, hard-copy form next week, and intends to have it available for the Commissioners at the March 29 Basin Commission meeting.

Rusty Sheppard: Nothing.

Rob Spafford: Nothing.

Nick Zilka: The Bank Stabilization project work plan is out for review. While he waits for comments, Nick is adding detail to the proposed plan.

Dave Suhr: Dave noted that problems at the Smeltonville waste water treatment plant were mentioned at the CCC meeting. A project proposal will likely be forthcoming.

Jana McCurdy: Jana is packing up and moving out. She has left her position with IDEQ, and requests PFT info be sent to her at home. Website correspondence should go to

Jana, thank you for all the good work you've done. We all wish you well.

Ed Segrist: Ed introduced himself as an interested citizen.

John Roland: Nothing.

Lloyd Brewer: Nothing.

Ed Moreen: Ed had information regarding the recent Repository PFT meeting. Unfortunately, he was travelling and his mobile phone connection did not allow him to share it. He promised an update next week.

Bill Rust: Bill added that John Lawson will be putting together notes from the Repository meeting for distribution to the PFT. Placement of "on-site repositories" on the flood plain, in connection with stream bank stabilization work, was discussed.

Randy Connolly: Nothing.

Thank you for your participation.
